INTRODUCTION

Mariz Energy Services Limited is 100% indigenous and goal-oriented company incorporated in the year 2021 with RC NO. 1768194 in accordance with the Nigeria Companies and Allied Matters Act 1990 and Registered with the Department of Petroleum Resources to render services to the Upstream, Midstream and Downstream of Nigeria Oil and gas Sector.

Our daily challenges are acquiring the most upto-date knowledge in different engineering and management functions as well as an up-to-date knowledge of the latest technologies and utilizing this knowledge to maximize the value added services to our clients.

Persistently working toward continuous improvement, and stretching our potential, we have succeeded in developing models and tools that serve to identify our client's specific requirements and cater to addressing them in the most effective and efficient manner.

We believe that this represents our main competitive edge, and as such we strive to constantly upgrade and fine-tune these methodologies to remain in line with local and regional business environments.

Mariz Energy Services Limited empower each other to create and live better lives for our families and communities. We work safely and positively, and support each other every step of the way.

“ We offer our experience and knowledge to ensure excellent outcomes for our clients . ”

ABOUT US

Mariz Energy Services Limited is a multi-disciplined dimensional company that is able to deliver a wide range of services including but not limited Supply of Completions Tools and Accessories, casing and Tubing Supply/Maintenance, Valves Supply/Maintenance, Rentals Services, Pipe Line Maintenance Services, General Procurement and Consultancy.

OUR POLICY

HEALTH SAFETY SECURITY AND ENVIRONMENT POLICY

Mariz Energy Services Ltd as part of its corporate policy considers health, safety, security and environment issues to have equal status with other business objectives. We value our employees, contractors, customers and the environment and communities in which we live and operate in.

- We ensure that all our projects are properly planned and executed with special considerations to the protection of lives and the environment.
- We will manage HSSE through the following activities:
 - Elimination of all forms of hazards and the preservation of the health and safety of our employees, sub- contractors and third parties.
 - Maintenance of plant and equipment in safe and proper condition.
 - Investigation of any accident to ascertain causes in order to eliminate them and forestall future occurrence.
 - Ensuring our sub-contractors strictly comply with the terms of this policy.
 - Ensuring employees, especially new employees, have relevant information and training on health and safety.
 - Ensuring employees can do their jobs, and are properly trained.
 - Recognition of excellence in safety and the provision of a safe and secure work environment.
 - Establishment of a good rapport with the members of the host communities and other persons that may be affected by Our activities.
 - Regularly reviewing this policy and making changes if necessary.

Stipulated penalty in accordance with company regulations shall be employed, should there be a violation of HSSE Policy.

Our Clients

A true partnership is a two-way street — ideas and information flow openly and regularly, based on a foundation of mutual trust and respect for one another’s expertise — and our clients embrace this philosophy.

The best and most productive relationships are synergistic and goal-oriented, and a long-term relationship has the value add of deep-rooted industry and company knowledge and relationships. Our client list speaks for itself. Since our earliest days, we’ve represented everything from start-ups to Fortune companies with that same partnership approach and dedication at the core of every engagement. We’ve been devoting our hearts and minds to our clients, achieving great successes and building lasting relationships.

Here is a few of our current and prospective clients:
